Here's what you need to know about your Grab Promo Code

- Your Promo Code can be used for a Grab ride to or from KL Sentral Station only. It is not valid for rides to or from KLIA/KLIA2.
- The Promo Code is worth RM10 each.
- You can top up your ride fare, if required, with credit or debit card using GrabPay facility in the Grab app. If the fare is less than the Promo Code value, there will be no reimbursement of fare difference.
- You can choose any Grab service including GrabCar, GrabTaxi and GrabShare.
- The Promo Code has the same validity as your KLIA Ekspres ticket.
- You can only use the Promo Code once. No date change, refund or revalidation is allowed. A cancelled ride booking nullifies the Promo Code.
- You need to book additional GrabCars if there are more than 4 passengers and/or if you require a bigger boot space for your luggage.
- Toll charges are not included in the ride fare.
